

# APPS AND ADMIN

*neighbourhood life made easier*

At Newinbosch, we've put in the legwork to find the best apps in the industry for every aspect of life in our neighbourhood. These apps are carefully selected to enhance your living experience and make your daily routine smoother. From managing your home's utilities to staying connected with your neighbours, these apps are designed to simplify tasks and streamline communication.

NEW GUIDE APRIL 2024 V1

# CONVENIENCE AT YOUR FINGERTIPS

At Newinbosch we've put in the legwork to find the best apps in the industry for each aspect of life in our neighbourhood. Here's a quick summary of how they'll make your life easier.

## COMMUNITY MANAGEMENT

### WECONNECTU

Info you need about your property and community, from finances to day-to-day operations and community documents.

[weconnectu.co.za](http://weconnectu.co.za)

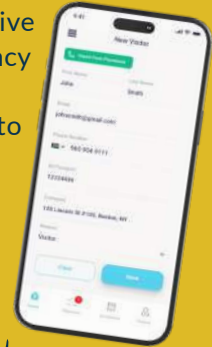

## VISITOR ACCESS CONTROL

### EVTRACK CONNECT

EVTrack App allows you to give people like visitors, emergency services, employees and delivery folks visitor access to Newinbosch.

[app.evtrack.com](http://app.evtrack.com)

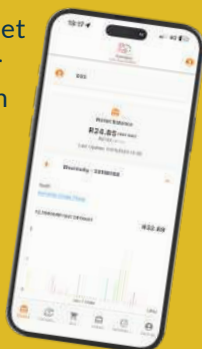

## UTILITIES

### LIVEMOPAY

Livewire's prepaid solutions let you buy electricity and water credits ahead of time through the Livemopay app, putting you in charge of your utility expenses.

Download the Livemopay Wallet app

## ADMIN SHORTCUTS

We've shared loads of info in the NEW Guide so far. Let's quickly recap all you need to do to settle in:

- Get your rates clearance certificate and receive monthly bills from Stellenbosch Municipality for your property rates, sewer charges and waste management fees. (More info on page 42.)
- Download the Livemopay app for your electricity and water bills. You will only receive one electricity bill from Newinbosch Energy. (More info on page 52.)
- Set up your profile on WeConnectU for your levy statements and MHOA communication. (More info on page 13.)
- Register on EVTrack for security access (More info on page 23.)
- Contact your internet service provider of choice to get your internet connected with Thinkspeed
